| <i>These were usually divided into two volumes, the first containing Paradise Lost; and the second, Paradise Regained, Samson Agonistes and the Minor Poems. They were frequently issued without collective titlepage, so that they might be sold either separately or together. Where the two volumes of the same date and by the same publisher are in the Library, they are entered together as editions of the Poetical Works. Editions containing Paradise Lost and Paradise Regained without the Minor Poems are also arranged under this heading.</i> |      | Brief Notes upon a late Sermon. . . . .                                                            | 42   |
